DAILY FREE DEMOCRAT.

OFFICIAL PAPER OF THE CITY.

Daily, Tri-Weekly, and Weekly.

S. M. BOOTH, ... EDITOR.

MILWAUKEE:

SATURDAY AFTERNOON, MAY 22.

REMOVAL.

The Office of the FREE DEMOCRAT *has been removed to* BUCHARD'S BLOCK, *corner of West Water and Spring streets, over S. C. West's Store.*

☞ The Port Washington *Blade*, says that a brute by the name of Daguerre, who had resided in that place for a year past, one night last week shipped his goods and family, all but one daughter, an amiable young lady, on board a propeller for the East; she is in the last stages of consumption, and when he left, he turned her out into the middle of the street in the dark night, with her little trunk of clothing, to shift for herself. A kind neighbor took her into his house to stay until some suitable provision can be made for her. Her inhuman father has made his course for Canada.

☞ The Kenosha *Telegraph* says that business is brightening up at that place very materially—that the faces of the merchants are "lit up" with a sort of a happy and hopeful smile, and their wallets begin to increase in thickness. We rejoice to learn that our Kenosha friends are living in the midst of the "good time." We are looking with "hopeful eyes" for its advent here.

☞ The Lacross *Times* of the 17th inst., publishes the Banking Act, accompanied by half a column of vague and uncertain remarks upon it. But as the editor is not a very positive character, besides being a person "what's not got an opinion," he does not venture to express one, as to the merits and demerits of this bill, but sort o' "blows hot and cold" upon it, with the same breath.

☞ Gov. Hubbard, of Maine, has ordered the special election in the Lincoln District, to take place on the 7th of June, to elect a Congressman to fill the vacancy occasioned by the decease of Hon. Charles Andrews.

COMPLETED.—The Michigan Central Railroad is completed, and the cars passed over the whole route yesterday, for the first time.

☞ The Grant County *Herald* asks why some Tanner with one or two thousand dollars don't erect a Tannery in some heavy timbered region of Grant, Richland or Crawford county. It thinks the county possesses ample facilities and the requisite elements for the successful prosecution of such an enterprise.

UNIVERSITY IN IOWA.—The authorities of Burlington City, Iowa, lately presented a beautiful site, and a number of generous residents several thousand dollars, for the purpose of establishing an institution of learning, especially adapted to the wants of the Baptists of this enterprising State.

Retail Prices at St. Paul, Minnesota.—Eggs 12c; fresh butter 20c; hams 12c; shoulders 10c; superfine flour $4 50; corn meal 65c; potatoes $1; beef, fresh, 8 to 10c; beans 3,00 per bushel; dried apples, $3,00 do; salt $2,50 per sack; cheese 12c; lard 12c; candles 12c.

NATIONAL AID FOR THE MAINE LAW.—The *National Era* contains an excellent article from Dr. Snodgrass of Baltimore, suggesting to the friends of temperance throughout the country, the importance of petitioning Congress for a General Law prohibiting the importation of liquors except for mechanical and medicinal purposes.

SUPPRESSION OF BURGLARS.—The Common Council of Chicago has placed $500, at the disposal of the Mayor and Committee of Police, to be expended in rewards for ferreting out and convicting the burglars who are committing such frequent depredations in that City.

EDUCATIONAL.—The Fond du Lac *Journal* contains the proceedings of the first annual meeting of the Teacher's Association of that county. It commenced on the 3d inst. and lasted until the 8th.

Exercises were had in all the various branches taught in the Common Schools; lectures were delivered, and discussions entered into as to the best modes of teaching, &c. An address on "the Education of Man" was delivered by Warren Chase, Esq.

Such meetings must tend to awaken a deeper interest in the minds, not only of the teachers but of the scholars, their parents, and the people at large, and thus promote the cause of Education. Such Associations should be found, and such meetings held, in every county in the State.

Money from the West.—The St. Louis *Intelligencer* of the 15th inst., notices the arrival in that city, by a Missouri river steamer, of $80,000 in gold and silver—the funds of parties trading between the States and Chihuahua. The same paper also remarks that the arrivals of coin from New Mexico have been unusually large this season.

DAMAGE.—On Monday night last, in consequence of the overflowing of Lake Winnebago, at the south end, occasioned by high winds, some half a dozen families in the north part of Fond du Lac were forced to abandon their houses. At Taycheedah much property was damaged, some 50 or 60 rods of Plank Road washed away, and a quantity of lumber, logs and wood were scattered about in every direction.

CITY MATTERS.

In hot water—or rather in want of cold.—The Canal Company and the proprietors of the Empire Mills got into a "bit of a muss" yesterday, about the water-power, owing to some misunderstanding as to the contract between the parties. It appears that the proprietors of the mill had tendered the Canal Company the amount they considered due said company for rent of water-power, but which sum, the company deemed as insufficient, and consequently, immediately employed hands to haul in gravel to throw into the side of the canal, so as to shut off the water from the mill. The opposite party resisted this proceeding, but without avail.—The work of *damming* up was soon accomplished, and the operations of the mill suspended for the time. We understand several arrests have been made.

☞ The following named persons were elected Directors of the Gas Light Company on Tuesday last:

Messrs. James H. Rogers, Alexander Mitchell, James Kneeland, D. P. Hull, John Lockwood.

At a subsequent meeting of the Directors, James H. Rogers was elected President of the Company.

Reported for the Daily Democrat.

Proceedings of the Board of School Commissioners.

ADJOURNED MEETING.

Tuesday, May 19th, 1852.

Board met at 8 o'clock P. M., pursuant to adjournment.

Present.—Messrs. King, Hadley, Rogers, Greenleaf, Huebschmann, Church, McGarry, Crocker, Powers, Mitchell and Waite—11.

Absent.—Messrs. Hathaway, McManman, Day and Zander—4.

On motion, the reading of the minutes of the last two meetings was dispensed with, and the same ordered to stand approved as published.

Mr. Hadley, from the 1st Ward, presented and read the following petition:

"We, the undersigned, citizens of the 1st Ward, in the City of Milwaukee, would respectfully represent to the Board, that at present there are in the 1st Ward about two thousand children that draw public money; that in the same Ward there are, between the ages of four and fifteen years, not less than fifteen hundred children that should now be in school every day; that the building now erected and occupied by the Common School, good so far as it goes, can accommodate only about three hundred scholars; consequently there are now in the Ward twelve hundred children, whose parents and guardians are, for want of Common School facilities, compelled, at great expense, to send them to private Schools.

In view of these facts, and our duty to the children in the Ward and City, we would respectfully and most urgently ask the Board of School Commissioners to establish immediately a Common School somewhere in the vicinity of St. Paul's Church, in the 1st Ward; and as in duty bound, your petitioners will ever pray, &c.

Milwaukee, May 1st, 1852.

Signed—A. W. Hatch, Jos. Cary, L. Sexton, G. D. Dousman, G. P. Hewitt, C. Shepard, J. B. Martin, E. L. Shannon, E. Cramer, A. G. Miller, R. Ludington, W. P. Lynde, H. N. Wells, Chas. Waterman, W. S. Hann, J. B. Smith, J. McKnight, Chas. Sehley, S. E. Foote, W. J. Whaling, L. Blossom, H. Ludington, S. S. Daggett, J. H. Eldrege, H. Hill, W. A. Prentiss, J. B. Dousman, H. P. Peck."

Mr. Hadley offered the following resolution:

Resolved, That the petition of the citizens of the first Ward, for the organization of a Common School, to be located somewhere in the vicinity of the intersection of Mason and Jefferson streets, be referred to the Executive Committee of this Board, with instructions to procure suitable rooms, employ competent Teachers, and open the School at once, or as soon as possible.

Mr. Huebschmann offered the following as a substitute:

Resolved, That the Common Council of the City of Milwaukee, be respectfully requested to take immediately the necessary steps to purchase the necessary grounds for the erection of a High School for the City.

Mr. McGarry moved to lay both resolutions on the table, until the next meeting, upon which the Ayes and Noes were demanded, and lost by the following vote:

Ayes—King, Huebschmann, Church, McGarry and Crocker—5.

Nays—Hadley, Powers, Rogers, Mitchell, and Waite—5.

The question was then taken upon the substitute offered by Dr. Huebschmann, and the Ayes and Noes being demanded, those who voted in favor were—

Messrs. Huebschmann, Church, McGarry, and Crocker—4.

Those who voted in the negative were—Messrs. King, Hadley, Powers, Rogers, Mitchell, and Waite—6.

Several of the Commissioners being absent, by consent of Mr. Hadley, the whole subject was laid over until the next meeting.

Accounts Referred.

M. L. Skinner, cleaning 2d Ward School House	$17 75

The Secretary stated that the Board had been presented, by their President, with a valuable set of Astronomical Outline Maps, for the use of the 4th Ward School.

Resolved, That the Executive Committee cause said Maps to be bound, varnished and mounted upon rollers.

On motion of Gen. King, the Board adjourned to meet at the Common Council room, on the 2nd day of June next, at 2 o'clock, P. M.

This establishment, while it was under the proprietorship of Mr. Hopkins, become so well known as one of the largest and best in the West, that it needs no notice from us. We will only say that Mr. Wm. R. Perry, a man experienced in that business, has joined the establishment, and that it has been made larger and better than ever.

PEOPLE'S FESTIVAL.—The Vigilance Committee and the Committee of Arrangements, for the great Festival which is to come off on Monday, 31st of May, hold a meeting this evening at the House of Theodore Wetstein, on Market Square, at 8 o'clock.

Robbing a Hen-Roost.—Officer Devlin arrested a man named J. Hatch, yesterday, for stealing chickens from Mr. DeWolf's yard, in the 1st Ward. He had succeeded in catching some 17 of the chickens, which he was carrying to market. The scamp was taken to the Police Office, examined, found guilty, and sent to jail for three months.

☞ A game of Cricket comes off on Spring Street Hill, at 3 o'clock this afternoon.

☞ See Street Commissioners' Notices—Fourth Ward.

☞ The proprietors of the Neenah Dam which, (together with the Menasha Dam,) has been the cause of so much damage to property, of late, on the shores of Lake Winnebago, have commenced lowering this work so as to prevent its being the means of doing further injury. The owners of the Menasha Dam, it is thought, will follow *suite*. A committee has been appointed to confer with the proprietors of these works, with a view of entering into some arrangements concerning them, which shall permanently arrest their further destruction to property.

Publicly Whipped.—A grey-headed man named Hamilton, said to be owner of one of the down-town hotels, and who lives in the aristocratic portion of Ninth street, was severely whipped in one of the public streets, a day or two since, by Charles Wright, proprietor of the Museum Hotel, whose wife, it is alleged, Hamilton previously insulted. At the time of receiving the castigation it is said he was on the trail of a female, whom he had followed several blocks, and was met by Mr. Wright, who recognized him as being the person who had offered the indignity to his wife. The flagellation then followed. Some time since Mr. J. F. Cropsey, a merchant doing business at the corner of Canal and Greene streets, inflicted a similar castigation upon Hamilton for offering an indignity to a female member of his family.—*N. Y. Tribune.*

SENATOR WADE AND WESTERN INTERESTS.—This gentleman spoke, in the Senate, on the 10th, against an amendment giving aid to the Collins line. On one point, he was bold. He said he would not vote one dollar for Atlantic aid, until some earnest was given of a disposition to uphold the great interests of the West. Any thing sectional we dislike. We call ours "Western interests;" they are national; and because they are so, we press them. But with this understanding, we shall take the ground assumed by Senator Wade, and rally the West upon it if we could.

We want, as regards any national duty, no North or South, no East or West. But what are we to do? Highways made by God over more than half the continent, and bearing upon them a commerce and a produce, which feeds and gives life to more than half our people, are to be neglected, our property wasted, the lives of our people sacrificed, and all because government, as such, will not do its duty! This is the fact, and if we cannot make the East and West realize it, except by telling them plainly, that the South will not vote a dollar for them, unless they should consent to do justice to the West, we would do it.

We go further. If we were able, and could persuade Western men to do their duty, we would say—"Call a caucus; determine nobly what the West needs in a *national* point of view; frame a bill based upon this consultation; present it as a *system* to Congress, and say to that body, "These are the improvements the West needs and must have, and we will sustain none for the seaboard until we get them." We would say this, and stand by it, as the only means, really, of doing justice to other parts of the Union, and of having justice done to the West.—*Cleveland True Democrat.*

A NEW BOAT.—A fine new steamer, the BLACKHAWK, P. Hall master, arrived at our wharf on Friday last. Her length is 130 feet, 19 feet beam, and she has two powerful engines with 12 inch cylinders and 4 ft. stroke. Her cabin is very neat and comfortable, and is divided into 26 commodious state rooms.—She ran from this city to Dell Creek in 4 hours against a very strong head wind and a current of about four miles an hour—distance 21 miles. This boat is intended to run on the Wisconsin until superceded by the Badger State, in ten or twelve days.—*Winnebago Times.*

☞ The winter wheat in this region looks remarkably well at present, and bids fair for a heavy crop next fall. The reports from other parts of the State, in regard to this important staple, are very cheering. Those having wheat to sell next fall will find a ready market, and good prices for any quantity in this city.—*Ib.*

Dean Swift says, "It is with little souled people as it is with narrow necked bottles—the less they have in them, the more noise they make in pouring it out."

The West India Mail Steamer Clyde arrived at Southampton with $1,286,000 on freight, 450,000 of which was California gold.

An enthusiastic and very influential meeting in favor of the retention of the Crystal Palace was held in London.

A committee was appointed to wait on the Premier, and a memorial to the Queen was debated upon.

The Swiss Rifle.—The following description of this weapon we find in the London Morning Chronicle:

The weapon weighs only 9 1-2 pounds. The bore is very small. The ball weighs only 155 grains, hardly one-third as much as that of the Minnie rifle; tapering to a point, and nearly an inch in length. As for the range of the Swiss rifle, we need only mention that at the distance of 1,000 paces, one hundred and ninety balls (fired from a rest,) struck a target of eight feet, five inches square, and penetrated three planks of deal, placed one inch asunder, besides passing half through a fourth."

A CHALLENGE!

In the sum of One Thousand Dollars!

"THE excellence of a pudding is only found out by eating;" and so is the superiority of a Safe only known by testing it. The following challenge has been published in the New York papers since November 1, 1851, and no one has yet dared to accept it; and this, together with the fact that in the five hundred accidental fires in which these SALAMANDERS have been tried, there is not an instance where their contents have been injured. They were placed in competition with thirty different kinds at the World's Fair, and received the only premium given. All sizes of these celebrated Safes may be found at

87, 89 and 91 East Water st., Milwaukee,

at the manufacturer's prices

A CHALLENGE, IN THE SUM OF

$1,000!

To all Safe Makers in the United States who do not make or infringe upon WILDER'S Patent, a right which I have enjoyed and furnished to the public, with all the improvements, since it was first patented.

The result of several former trials, when FAIRLY tested with other safes, and the numerous accidental fires which have brought them in contact with other safes, has deservedly placed the *SALAMANDER SAFE*, manufactured by me, far ahead of all similar protectors. In order that the public may have a further opportunity of judging whether their verdict as rendered in favor of my safe, has been a correct one, I propose another fair and impartial trial upon the following conditions:

First—A committee of respectable citizens, to be selected (as may hereafter be agreed upon) to conduct the trial.

Second—Each party accepting and entering upon terms in writing, to furnish said committee with a given number of names of parties who have purchased their safes, and now have them in use.

Third—The committee to select one of each maker's, of corresponding size, so that the maker cannot be allowed to manufacture one expressly for a *furnace or blow-pipe heat*, as such suspicion has always attached itself to all premeditated tests of Safes.

The public are not interested to know who can make a Safe to stand a blast-furnace or a blow-pipe heat the longest. But it is of vast importance to the whole commercial world to know who furnishes those which prove the best in a natural, accidental fire, such as one would be subjected to in the burning of a store, house, factory or other building.

Fourth—The committee to conduct the fire and render a report in writing for publication.

From the above census returns, it will be seen that the population of Wisconsin has increased in greater ratio than any other State in the Union. The population at this date, May, 1852, can be safely estimated at 400,000.

AMERICAN TEMPERANCE UNION.—The 16th Anniversary of this Union was held at the Tabernacle, in New York, on the evening of the 13th inst., Chancellor Walworth presiding. Reports were read, and speeches made—all for the Maine Law. We take the following from the report in the *Tribune:*

Mr. Hedges, late member of the Assembly from Suffolk county, offered the following resolution:

Resolved, That the seat of power is in the people, and that the only hope of wise and righteous laws in our Republic lies in electing men to be lawmakers who understand the true moral interests of the people, and will secure them, whatever may be their political preferences.

Mr. H. depicted the alliance of rum with our political system. Primary meetings, caucuses, conventions and final elections are, in nine cases in ten, held in grog-shops. Our Legislature is mostly made up of men who were made, politically, in grog-shops, who find in the dingy and poisonous atmosphere of the bar-room that little world in which they live and move and have their being. He went on to show the power which rumsellers exercise in all elections, and the energy with which they repel any movement against them.

Rev. Dr. Brainard, of Philadelphia, seconded the resolution. He came from a State in which the Maine Law had been defeated, but it was a Bunker Hill battle—one more such victory to the rumsellers would be their final ruin. The speaker argued the uselessness of license laws, of all laws not entirely prohibitory. We have agitated the Temperance question for a quarter of a century; all men who love their God, and who love their fellow men, we have brought out of the business; but we have now reached a class who love money more than the right, and moral suasion has no effect upon them. He spoke strongly in repudiation of the idea that clergymen should not meddle with political and temperance questions.

The venerable Lyman Beecher, D. D., of Boston, was then introduced to the audience, and welcomed with the most hearty applause. He offered the following resolution:

Resolved, That in this day of great progress—physical, moral and religious—we hail with gladness the quick openings of that period when sin and suffering shall be put away, and the kingdoms of this world shall become the kingdom of our Lord and his Christ, and he shall reign forever and ever.

He said he had always believed in the prophecies of the millennium, but he had never hoped to live until its immediate approach. But if this Maine Law is going thro' the land, the millennium will be right on its heels. Take away alcohol, and the Devil will lose his strongest lever. He will be chained neck and heels and cast down to hell. Dr. B. referred to the circumstances which induced him in 1826 to preach his Six Sermons on Temperance, which have since attained a remarkable popularity. In those Sermons he had said, so long as alcohol is safe as a traffic you cannot control its devastating effects.—The Dr. proceeded to argue the right and the propriety of prohibitory enactments, but our limits forbid a further report.

Bushing Tomatoes.—Those who love good tomatoes, will take pains to cultivate them so as to insure them as near as may be in their full perfection. There is no other fruit that delights more in air and sunshine, than the tomato. They should have, therefore, abundance of room, and the vines be sustained from falling to the earth. I have found stout brush, firmly set around the plants, to answer the purpose better than any other method. The branches have room to extend themselves as they like, while the limbs of the brush keep them in their position. By this method, the fruit is more fully exposed to the genial influence of the air and sunshine, whereby it attains a more delicious flavor, larger size, and comes quicker to maturity.—*Rural New Yorker.*

* In using the term exports in the above, it is not intended to convey the idea that all the lumber manufactured has been conveyed out of the State, but to show the amount exported from the place of manufacture.

PARAGRAPHS.

A Beautiful oriental proverb runs thus: "With time and patience, the mulberry leaf becomes satin."

Education is a better safeguard of liberty than a standing army. If we retrench the wages of the schoolmaster we must raise those of the recruiting sergeant.

Theodore Hook says of railroads and steamboats. "They annihilate space and time, not to mention a multitude of passengers."

"Doctor," said a hypochondriac old woman, "I can't hardly breathe."

"Well, don,t, then," was Galen's response; "nobody wants you to."

Something New.—Last Saturday afternoon in the Boston Museum, a young lady and gentleman were looking at the picture of Washington's family in the gallery.

Young Lady.—"Who are those two persons?" referring to the ones on the picture.

Young Gentleman.—"Those are Washington's children."

Young Lady.—But Washington had no children."

Young Gentleman.—"Well, perhaps they are his grand-children."

"*Very* probably," responding the young lady as she petulantly drew her beau from the picture.

The Worst Form of French Tyranny.—Nearly 1, 200,000 French corsets are imported in to this country every year.—*London Punch.*

Steamer Barlow.—This handsome and substantial boat is now running regularly between this place and the north end of the Lake. She was built last summer below the Winnebago Rapids, and brought through the lock at Neenah.

The Jenny Lind and Peytona run daily between this place and the North end of the Lake, touching at Oshkosh.—*Fond du Lac Jour.*

The bill for the further protection of Personal Liberty, in Massachusetts, has passed the House. Under this law a fugitive under arrest can apply for and obtain as a matter of right, a writ of *habeas corpus*, from a Justice of the peace. A dozen Whigs, only, voted for the bill. The party fought against it, as a whole, energetically. But it was carried by a vote of 156 to 141. A motion to reconsider was voted down 131 to 126.

Say nothing respecting yourself, either good, bad or indifferent; nothing good, for that is vanity; nothing bad, for that is affectation; nothing indifferent, for that is silly.

Nothing moves the mass more than the exhibition of deep feeling. It speaks a language which the very humblest can understand, and challenges a response which not even the most callous are disposed to withhold.

WOOL CARDING—*Commendable Enterprise.*—A carding and cloth dressing Mill is now being fitted up at Avoca, some 7 miles south west of this place, by Mr. N. B. Wortser an experienced workman. Such an establishment has long been needed in this county, and there can be no doubt that it will be sustained and be made a profitable enterprise. The location too, is well selected, and accessible from all parts of the country.—*Fond du Lac Jour.*

ARRIVALS.—We have had fifty steamboat arrivals, and fifty departures at this port since the opening of navigation this spring.—*La Crosse Times.*

The Government Stock Bank.—The difficulties which have existed between this institution and the Metropolitan Bank, of New York, have been settled; the bills of the former in the hands of the latter, have been redeemed, and the business of the Government Stock Bank will proceed as usual.—*Detroit Adv. 19th.*

☞ The quantity of Maple Sugar manufactured in the town of Ashford this season, at the least calculation will be 20,000 pounds. Of molasses, 2,000 gallons.—*Fond du Lac Journal.*

GREAT WORK ON CIVILIZATION.

This valuable work, has just arrived at

C. OTT'S BOOKSTORE.

It is the work of the age. From a large number of liberal and highly complimentary notices of this work, from the religious and secular press, we only select the following:

"This admirable work is at length before us, and we hasten to inform our readers of the valuable addition, which has thus been made to the Literature of our country. The work is by far the most important of its kind, ever published in this country. It is in fact a complete library in itself, condensed and so arranged as to bring the whole question within the grasp of the humblest reader. It appears most appropriately at the present time, and will, no doubt, prove an instrument of great efficacy in the work of diffusing sound doctrines on the matters of which it treats."—*Truth Teller.* april 22

GREAT WESTERN

STOVE DEPOT!

Nos. 87, 89 and 91, East Water street,

MILWAUKEE

THE subscribers having been appointed agents of the *PRESQUE ISLE IRON FOUNDRY*, (the largest Stove manufactory in the United States,) are prepared to offer to the trade, and to retail customers

A better article of Stoves

and at LOWER PRICES, than can be bought at any place west of Albany.

From an experience often years in the Stove business in Milwaukee, we have learned what kinds are best adapted to the wants of this country, and have no hesitation in saying, that in point of style, utility and durability, the

PRESQUE ISLE FOUNDRY STOVES

excel all others brought to this market. The designs and patterns are neat and tasteful, and being run from the blast, are not as liable to crack as those run from the pig, for the reason that the latter receives one more melting than the former.

Among our Cooking Stoves may be found the LION and PRIZE, two Stoves that stand without a rival among the "Air Tights." The Lion is a diving three flue stove, with two tops, one for barrel or five pail kettles, and the other for boilers, tea-kettles, pots, &c; also, the KEYSTONE and CHAUTAUQUE FARMER, with elevated ovens. The Keystone is regarded by all who have seen it as the finest specimen of a cooking stove ever presented to the public, and the fact is attested by the large number sold.

The Chautauque Farmer, was designed expressly for the farmers' use, it having no inside or division plates, making the fire-place large and not liable to burn out.

Of the above mentioned Stoves we might give over 500 certificates, proving their good qualities, from persons who have used them; but as we guarantee them to be the best in use, we do not deem it necessary. We have also every variety of

Premium and Double-Oven Cooking,

From No 1 to 6; also a great variety of

AIR-TIGHT PARLORS!

of splendid patterns, with and without folding doors, together with an endless variety of

PLATE AND COAL STOVES,

all of which we respectfully request you to call and examine before purchasing.

MISCELLANEOUS.

Warranted Prime, Pure and New Crop of 1851!

IMPORTED HOLLAND

GARDEN SEEDS,

From the Horticultural Garden of

J. D. ZOCHER & VOORHELM SCHNEEVOOGT,

Florists and Horticulturists, Harlem, Holland

THESE truly fresh, prime and reliable Garden Seeds, of the crop of 1851, are from one of the most celebrated and extensive Horticultural Gardens in the world. They are of superior sorts, and have been carefully selected by the proprietors, from the best and most vigorous plants—all, not strictly prime, being rejected by them!

Each paper has the year printed on it when the Seed was raised, so as to secure the purchaser against imposition of having old seeds palmed off upon him for new—a practice hitherto much complained of. It stands to reason, moreover, that when Seeds are distributed early in the fall, (and before the new crop can possibly have been gathered, put up and delivered,) they must, of necessity, be old seeds!

Orders for Garden Seeds, Fruit Trees, and Espaliers, comprising every variety of

Apricots, Peaches, Pears, Cherries, Apples, Plums, &c. &c.

most highly approved. Also, standard Rose Trees, Shrubbery, and Bulbous Flower Roots, if addressed to the subscriber, by letter, pre-paid, will be forwarded by him to the house in Harlem, and promptly and carefully executed. S. CRANE'S

PATENT COMPOUND SOAP.

WARRANTED to do no injury to Clothing, and to be the best Soap preparation in use. A half pound is all that is required for the washing of all that ten gallons of suds will soak, and *dispensing entirely with boiling*, which no other preparation PRETENDS to do, and the use of the WASHING MACHINE and RUBBING BOARD, thereby saving the expense of fires and the most severe labors of the washing day, and also the entire wear and tear of the Clothing (to say nothing of the hands,) in washing, which is frequently the most destructive to which clothing is subjected.

The Suds after the wash, is the best article for the cleansing of painted surfaces, wood work, oil cloth, carpets, iron railing, &c. that many ladies in this city who have tried it, ever saw.

Warranted the best Soap in use for removing grease spots from clothing, the cleaning and whitening of summer Hats, etc; excellent for bathing, especially in sickness, leaving the skin soft, clear and PERFECTLY CLEAN, and in washing, not making the hands sore like preparations containing soda.
